

**Technical Specifications:**

Use:	High UV Exposure Prefabricated Buildings Oil/Fuel Refineries Underground Concrete Industrial Seaside
Sizes:	20mm - 50mm
Material:	PVC Heavy Metal Free (RoHS) Lead Free Self-Extinguishing Flame Retardant
Colour:	Grey
Resistance to UV:	UV Stabilised
Rating:	Medium Duty
Temperature Range:	-5°C to +60°C
Resistance to Compression:	Minimum 750 N / 5cm
Resistance to Impact:	Minimum 2 Joule
Ingress Protection (IP):	IP66
Resistance to Flame Propagation:	Non-flame Propagating
Dielectric Strength:	Electro-insulating Characteristics

**Compliance:**

B.E.P Certified  
 Green Star Certified  
 AS/NZS 2053.5
