

TCAN1

- Daily switching programs (same switching times each day)
- Multiple ON/OFF switching programs per day
- 96 switching segments (15 minutes each segment)
- Rechargeable battery backup
- Clock hands for current time display
- Permanent and temporary overrides.

Technical Specifications:

Operating voltage	230 V AC 50Hz
Power consumption	1.3 W
Output channels	1
Shortest switching interval	15 minutes
Output contact	Changeover - normally open and normally closed contacts
Switching capacity	LED lighting 180w Incandescent lamp load: 1100 W Motor load 4A
Manual override	Yes, permanent override and temporary over-ride
Protection rating	IP 20
Battery backup	Yes, NiMh rechargeable battery (200 hours)
Programming	Daily, 96 switching segments per day (15 minutes each)
Time accuracy	±1s/day (20 °C)
