PRODUCT CONFORMITY

We hereby certify that all Electrical Products and Accessories sold in New Zealand by Voltex have been tested to the joint Australian & New Zealand (AS/NZS) and/or EN/IEC electrical safety and performance standards, and are fit for purpose.

Our compliance regime is extremely thorough, and all medium risk articles as outlined in Schedule 4 of the Electricity (Safety) Regulations 2010 have all the necessary documentation and approvals, including test reports & certificates from accredited test laboratories, as well as Supplier Declarations of Conformity (SDoC's).

SDoC's are available as downloads on the website, or by using the request button on our website www.voltexelectrical.co.nz

Kind regards,

Voltex Electrical Team
